"He made the Stars also..."

God made two great lights; the greater to rule over the day, and the lesser to rule over the night. He made the stars also. Perhaps you are discouraged. Maybe you think that you do not count... that you are not even needed in the church. Maybe you are blindfolded to the opportunities that are all about you. Remember, He made the stars also. He made you.

THOUGH it may seem dark all about you and you may think your flicks are all in vain, God never creates worthless things nor useless lives. Sure, He needs great lights... great leaders, but "He made the stars also." He made you and me. As much as God needs great men He also needs small, humble ones to take stations as reflectors. He made the stars to reflect the light of the sun.

God uses the church to woo men to the better life. The church must have leaders, and the church also has many ordinary, humble people who trust God and walk by faith... blindfolded or not. God made the great Light, but to reflect the great Light to all His world, "He Made the Stars Also." He needs you.

Legal Punches Thrown to Half Dock Strike

NEW YORK (AP)—Legal punches aimed at striking longshoremen in the huge port of New York have been stayed over the weekend to give the dockers a chance to go back on the pier.

Meanwhile, sympathy work stoppages threatening to embroil all East Coast ports were on the wane. Called off yesterday were walkouts in Boston, Providence, R. I., and Portland, Maine.

The stevedores in those cities were ordered back to work today. They were back to normal yesterday in Philadelphia and Baltimore.

However, longshoremen meetings yesterday at Norfolk, Va., tied up the docks at that port. The walkout continues at Port Newark, Bayonne, Jersey City and Hoboken in New Jersey.

Some 70 cargo ships lay immobilized in New York Harbor, with perishable cargo piling up at the docks at the rate of 20 million dollars' worth a day. Shipping firms estimate there are lost over a million dollars in business diverted to other ports.

U.S., Red China Reported Near Agreement

WASHINGTON (AP)—The United States and Red China were reported today on the final agreement to a long-sought peace treaty.

The agreement, which would end the Chinese Communist war in China, was reported to have been reached by the two sides in a series of talks in Moscow.

The treaty would provide for a ceasefire and the withdrawal of Chinese Communist forces from the mainland.

It would also provide for the reunification of China under a neutral government.

The agreement would be a major step toward ending the Chinese Civil War.

U.S., Red China Reported Near Agreement

WASHINGTON (AP)—The United States and Red China were reported today on the final agreement to a long-sought accord. The agreement would allow the Americans held behind the Bamboo Curtain.

There are 2 American Communists to have been in Chinese Communist jails for several years and 3 persons under house arrest. In addition there are others whose status is uncertain.

An announcement on final agreement may come from Geneva, Switzerland, where U. S. Ambassador A. Alexis Johnson and Chinese Ambassador Wang Pin-mei are meeting tomorrow.

Diplomats said that barring some minute hitch in plans there was a good chance the final details for release of the American prisoners would be worked out.

It is understood that the agreement so far developed covers the release of the prisoners and the return of the Chinese Reds to their homes.

Red China's assurances that all Americans who wish to leave the Chinese Communist jurisdiction will be permitted to do so "expeditiously" subject to Chinese Communist judicial process.

This apparently means that those in jail will be subject to court action providing for parole, deportation or other action which would allow them to leave China.

The final accord has been delayed while the United States sought to obtain the release of the Chinese Reds held in the United States.

2. United States assurances that Chinese in this country who wish to return and go to Red China are being permitted to do so. This has been the declared American policy since the Chinese Revolution.

3. Designation of the Indian Embassy to represent on a humanitarian basis the interests of any Chinese in the United States who might feel they could not get a fair break by making arrangements directly with American authorities for going to Red China.

4. Employment of the offices of the British Embassy in Red China to protect the interests of American citizens there on a basis similar to that provided for the use of Indian Embassy services in the United States.

Once the issue of the release of the Americans is out of the way, the Geneva talks can proceed to item two that was agreed upon in the preliminary talks.

Item two was stated as "other practical matters at issue between the Chinese and the United States." The Chinese might bring up such matters, under this heading, as the release of the Chinese Reds held in the Western nations.

Star School Price \$6.75 for 9 Mos.

Parents of Hope students leaving for college this year are reminded that The Star will be delivered by mail to the children's school term for \$6.75. A substantial reduction over the regular \$15-a-year rate for city carrier and distant mail subscriptions.

Library copies are furnished several of the colleges free, but The Star has always maintained a special low price for school subscriptions — believing that the home town paper is wanted by the boy and girl away from home.

Gentry Trying to Crack Franchise

LITTLE ROCK (AP)—The Arkansas Supreme Court has been asked to grant an early ruling on legality of a 10-year franchise held by Oklahoma Jockey Club for horse racing at the state fair grounds.

Att. Gen. Tom Gentry filed a motion asking that the case be taken up for decision here.

The franchise was granted to the Oklahoma Jockey Club for a 10-year term for submission on Oct. 10, two weeks after the court recesses following its summer recess. That would mean that a decision could be handed down as early as Oct. 17.

Pulaski Chancellor Guy E. Williams held the franchise valid for next year, and she and the children will be in the city for the school year.

The court's decision on the franchise would be a landmark case for city carrier and distant mail subscriptions.

Tabernacle to Hear New Preacher

The Rev. W. C. Land will deliver a moving and night sermon Sunday at the Tabernacle. The Rev. Mr. Land will teach the Men's Bible Class in place of the Rev. Mr. White as previously announced.

Democrats Not Divided — Faubus

LITTLE ROCK (AP)—There is "no division of purpose" among Democrats, Gov. Orval Faubus said tonight. He said he was attending a \$5-a-plate dinner here.

The governor was the main speaker at the dinner designed to encourage voters to pay their poll tax and to raise funds for national and state divisions of the Democratic Party.

Other Democrats who attended included former Gov. Sid McMath, R.E.P. Brooks Hays of the 5th Congressional District, Woodrow Wilson Mann, Democratic nominee for mayor of Little Rock, and two state Supreme Court justices, Paul Ward and J. S. Holt.

Landy Case Gets Another Peek by Navy

NEW YORK (AP)—The Navy today takes another look at its decision to deny a reserve commission to Eugene Landy, an honor graduate of the Merchant Marine Academy.

The dark-haired youth was turned down for a commission on the eve of his graduation last month. The Navy said it was unable to find a reserve commission for Landy because of his mother's record as a Communist.

The special review board, meeting behind closed doors at the Brooklyn Navy Yard to reconsider this action, consists of a rear admiral, a captain and a commander.

The Navy has said little about the Landy case but never indicated there was anything about Landy except he was "extremely close" to his mother and she has been a Communist.

The mother, Mrs. Deborah Landy, of Bradley Beach, N. J., did not hesitate to admit she was a party member for 10 years but she left the party in 1947 at the insistence of her son.

People believe the case is a test, including a blast from the Navy's position on the case. Herbert H. Lehman (D-N.Y.) called the Navy's position "unjust, unfair and unjustifiable." He demanded a full report.

Secretary of the Navy Charles S. Thomas, who first heard of Landy from newspaper reports, promised to study the case personally and said the young seaman will get "justice."

Appointed by Thomas to serve on the special review board were Rear Adm. K. A. McMath, commander of the Atlantic Fleet Mine Force, and two reserve officers, Capt. J. H. B. Cook and Cmdr. Alfred E. Gallant Jr.

Race Trouble in S. Carolina School

SUMTER, S. C. (AP)—The six children of a new Sumter family reportedly have been barred from the school because of their father's race. The father, a Republican, had been reported to have been a member of the Ku Klux Klan.

The children of Mr. and Mrs. William A. Smith were barred from the school yesterday despite the fact that the father had been reported to have been a member of the Ku Klux Klan.

Hot Weather Covers Nation

By The Associated Press
The heat wave that has been sweeping the nation since last week is spreading eastward, after running the mercury past 100 degrees in parts of Kansas and Nebraska.

Omaha had an early morning high of 88 after a cool night. The morning high was 92, a 10-degree higher than the reading at the same time yesterday.

Temperatures were higher in sections of the central and southern states. In St. Louis, the high was 92, a 10-degree higher than the reading at the same time yesterday.

Somehow the heat wave spread over the area from the Rockies westward and now it is in the Carolinas.

Los Angeles' string of 100-degree days was broken yesterday when the high was 96.

A band of light showers and scattered thunderstorms extended from Michigan westward into Washington and northern Oregon.

Bobcats Edge Stamps 18-12 in Close Game

Hope and Stamps got together last night to open the football season before a large crowd and when the contest closed the Bobcats were on the long end of the score, 18 to 12.

It was a good game for the spectators, furnishing plenty of thrills. Hope had very little luck moving on the ground and Stamps had less moving through the air. In fact, it could be said that the game was a close one.

As expected the visitors had a well-balanced crew that fought every inch of the way. Unable to move on the ground didn't worry the Yellowjackets, they simply kept passing the ball to the quarterback, Sins, who long ones to C. Nicholas. The pair kept the Bobcats in trouble until the third period when, unfortunately, Sins was injured. He was away out of the game for the remainder of the contest.

Statistically Hope was away out of the game for the remainder of the contest.

Nobody Injured in Truck, Train Crash

A Collision and Battery Co. pickup driven by Elgie Carmean was badly smashed Friday when it collided with a moving boxcar on a Missouri Pacific spur on Division street across from the freight depot. Nobody was hurt.

The boxcar, being pushed by a switch engine, caught the truck near the front. Carmean was able to veer off and continue across the tracks, with the side of the truck scraping all the way. The vehicle was badly damaged.

Losers Join Segregation Issue

SELMA, Ala. (AP)—Several signs of a petition demanding racial equality in Selma have been lost here in the first showdown on the threat of a "hate parade" against Southern Negroes clamoring for integration.

Reports indicated more than half the 20 signers have been fired since the petition was filed last week with the Dallas County School Board. Most of those who did not lose their jobs are self-employed or unemployed.

Alston Keith, chairman of the Dallas County White Citizens Council, estimated 10 of the 20 signers have been fired in a "spontaneous" outburst of white employers to the filling of the petition.
